

Who We Are

Billionaires for Bush is a grassroots political action committee that advocates for the rights and interests of people of absolutely fabulous wealth.

But to be serious for a moment... Billionaires for Bush is actually a savvy, strategic, grassroots media campaign aimed very deliberately at changing voters' minds in swing districts... and that requires money.

Please consider giving generously. This is the most important election of our lives. We need to take our nation back, and humor is one way to do it. It is a uniquely powerful weapon. Help us wield it well.

\$10 will buy for the printing and mailing of 10 B4B press packets
